THE POSITIVE FEEDBACK FROM PARTICIPANTS OF MSPO 2024

Piotr Zawieja
Member of the Management Board of PGZ

MSPO offers us the opportunity to present Polish solutions and products, and at the same time, we can keep abreast of the defence industry's development directions in all geographical locations. An excellent atmosphere is conducive to holding meetings with representatives of our Government and the Ministry of National Defence.

Tetiana Derkachenko
National Association of Ukrainian Defense Industries (NAUDI)

MSPO has been known for the interest it generates in business milieu, for creating partnerships and for establishing cooperation in advanced technologies. We had many meetings and hosted several very interesting delegations from countries which we would like to develop future business relations with.
