

A HIGHLY ECONOMICAL STANDARDIZED SYSTEM FOR SIMPLE COMMODITY APPLICATIONS

A configurable 1-8 drop hot runner system suitable for applications processing commodity resins. Allows simple projects to get off the ground faster with minimal investment. Ideal for many cost sensitive consumer goods, small home appliances, basic automotive components, electronic peripherals/accessories and other similar applications.

KEY FEATURES

CONFIGURABLE DESIGNS

- Standard nozzles.
- Standard gating options.
- Standard manifold layouts.
- Custom manifold pitch ranges.

FIELD REPLACEABLE COMPONENTS

- Quick and simple to service.
- Replaceable nozzle and manifold heaters.
- Minimizes downtime and operating costs.

RAPID LEAD TIMES

- Drawings available within 48 hours.
- Delivery within 3-4 weeks.

GLOBAL SUPPORT

- Strong local aftermarket support.
- On-hand inventory of spare parts.
- Parts available with short lead times.

Available as a system only.

COMPATIBLE MATERIALS*	
ABS	PS
PE	TPE
PP	TPO

*Fillers/Additives not permitted
